STEP 8: State Terminated Successfully

The screenshot displays the AWS Management Console for the 'Instances' page in the 'us-east-1' region. A green notification banner at the top states: 'Successfully initiated termination (deletion) of i-0f7fd5bfe0a675ec2'. Below this, the 'Instances (1)' section shows a table with one instance, 'lab01', which is in the 'Terminated' state. The instance's ID is 'i-0f7fd5bfe0a675ec2' and its type is 't3.micro'. The console also shows a search bar, filters for 'All states', and a 'Launch instances' button. The left sidebar contains navigation links for EC2 services like Dashboard, Events, Instance Types, and Images. The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 11:57 AM on 2/20/2026.
